

# THIS WEEK IN MONTIELAND

11 March 2024

In general we are very busy people. We have many meetings to attend, many visits to make, many services to lead. Our calendars are filled with appointments, our days and weeks filled with engagements, and our years filled with plans and projects. There is seldom a period in which we do not know what to do, and we move through life in such a distracted way that we do not even take the time and rest to wonder if any of the things we think, say, or do are worth thinking, saying or doing.

- Henri Nouwen -

*on that note of a busy program...*
